

## Sanity Group and Curaleaf Laboratories Announce Partnership to Advance Medical Cannabis Innovation in the UK

**Berlin, February 26, 2026 – Sanity Group, one of Germany’s leading cannabis companies, is delighted to announce a partnership with Curaleaf Laboratories, one of the UK-leading pharmaceutical-grade medical cannabis manufacturers. The partnership brings together Sanity Group’s international expertise in cannabinoid-based therapeutics with Curaleaf Laboratories’ established manufacturing, quality, and commercial capabilities. Together, the companies will collaborate to develop, manufacture, and commercialize innovative medical cannabis products tailored to the needs of UK patients and healthcare professionals.**

Under the agreement, Sanity Group will contribute its pharmaceutical know-how, intellectual property and experience in building clinically relevant cannabinoid products across global markets, while Curaleaf Laboratories will leverage its MHRA-approved infrastructure and compliance framework to support the introduction of new formulations.

Finn Hänsel, Founder and Managing Director of Sanity Group: “The UK is a key strategic market for medical cannabis. Partnering with Curaleaf Laboratories allows us to translate our capabilities into scalable, compliant products that can make a meaningful difference for patients and prescribing clinicians.”

Richard Hodgson, Managing Director of Curaleaf Laboratories: “This partnership represents a significant step forward in our mission to deliver consistent, pharmaceutical-grade medical cannabis products to patients in the UK. By working with Sanity Group, we are combining complementary strengths to accelerate innovation while maintaining the highest standards of quality, safety, and regulatory compliance.”

This partnership underscores the continued maturation of the UK medical cannabis market and reflects a shared vision to set new benchmarks for quality, innovation, and patient-centric care. The first Sanity Group products manufactured under this partnership will be available on prescription by clinicians listed on the UK Specialist Register from Q1 2026.

### About Sanity Group

Sanity Group aims to improve people’s quality of life through the use of cannabinoids and the utilization of the endocannabinoid system. The focus is on cannabinoid-based pharmaceuticals and consumer goods. To harness the full potential of cannabis, Sanity Group invests in research of the cannabis plant and its active ingredients as well as in specific areas of application. Sanity Group, founded in Berlin in 2018 by Finn Age Hänsel, includes Vayamed, vaay Medical and ZOIKS (medical cannabis), Endosane Pharmaceuticals (finished pharmaceuticals), vaay (lifestyle) and Grashaus Projects (scientific pilot project on recreational cannabis in Switzerland). Near Frankfurt am Main, Sanity Group also operates a logistics and production facility for cannabis pharmaceuticals. More information at [sanitygroup.com/press](https://sanitygroup.com/press).

#### **About Curaleaf Laboratories**

Curaleaf Laboratories is one of the UK-leading experts in the manufacture and distribution of EU-GMP medical cannabis. With a state-of-the-art MHRA-approved medical cannabis manufacturing facility and a comprehensive quality management system, Curaleaf Laboratories is meeting the growing patient demand for a consistent range of medical cannabis manufactured to EU-GMP standards, with varying novel dosage forms and levels of cannabinoid content. Part of the Curaleaf International group since 2019, Curaleaf Laboratories has evolved from a well-established specials medicines manufacturer with over a decade of expertise in unlicensed medicines. With that experience, Curaleaf Laboratories is widening access to clinics and pharmacies all across the UK, while leading the market as a trusted manufacturer, distributor and partner.
